This risk assessment is a core part of the Prevent Duty and all staff and Governors should read [Protecting children from radicalisation: the prevent duty](#). It is a statutory requirement our school assesses the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. The purpose of this risk assessment is to have an awareness and understanding of the risk of radicalisation in our school.

Key Definitions

Radicalisation is defined as the process by which people come to support terrorism and extremism and, in some cases, to then participate in terrorist groups.

“**Extremism** is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas” (HM Government Prevent Strategy 2011)

Since the publication of the **Prevent Strategy**, there has been an awareness of the specific need to safeguard children, pupils and families from violent extremism. There have been attempts to radicalise vulnerable children and pupils to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.
